Attorney's Docket No.: 01194-463001 / 03-211

REMARKS

In response to the Office Action mailed May 30, 2006, Applicants cancelled claim 15 and amended claim 1. Claims 1-31 are pending with claims 3-5, 7, 9-13, 17 and 25-31 currently being withdrawn from consideration.

The Examiner rejected claims 1, 2, 6, 8, 14-16 and 18-24 under 35 U.S.C. §102(b) as being anticipated by Kamiya et al., U.S. Patent No. 5,192,301 ("Kamyia").¹

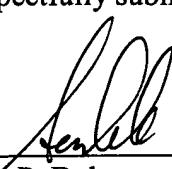

As amended, claims 1, 2, 6, 8, 14, 16 and 18-24 cover compositions that include a first collection of particles having a first shape and a second collection of particles having a second shape different than the first shape, where the particles of at least one of the collections include a portion capable of dissolving in a body.

Kamyia simply does not disclose such particles. Applicants therefore request reconsideration and withdrawal of this rejection.

Applicants believe the application is in condition for allowance, which action is requested.

Please apply any other charges or credits to deposit account 06-1050.

Respectfully submitted,
